

TIMBER IN FOCUS

Pine General Purpose

Cost-effective, multiple applications

General Purpose Pine is supplied in set lengths and is suitable for many internal applications.

This cost-effective grade of timber is an ideal product for both the Trade and Retail markets.

Available in commonly sought after sizes and lengths.

Features & Benefits

- Common sizes and lengths
- Small order quantities to minimise stocks
- Barcoded for easy scanning
- FSC® certified - SGS-COC-007541
- Set lengths to reduce in-store cutting, improve staff productivity & safety

Porta sells a large range of mouldings and rough sawn timber in a variety of lengths and widths.

With over 60 years in timber sourcing and manufacturing, let us also help you with your custom timber requirements.
