

CONTOURS PRODUCT SPECIFICATIONS

SHADE LINM7821

Inspired by the spectacular Hancock Gorge in Karijini, Western Australia, Porta Contours in Shade reflect the shadows cast into the depths of the valley below.

Enveloping a space with natural warmth, gentle movement, and tactile interest, Contours in Shade add depth and richness to a material palette. With a fluid softness, beautifully crafted Shade is perfect for use as a feature in a kitchen, bedroom, hallway, lounge, or dining room. It can also be used to clad doors and cabinetry as well as creating concealed doorways for an element of surprise.

With its consistent tongue and groove joint, Shade can be used in conjunction with any other Contours profile to create a unique design. It is also suitable for curved applications.
