## TRAVERSE LINI7821

Product in Tasmanian Oak.

Inspired by the exposed rock layers at the Painted Cliffs on Maria Island, Tasmania, Porta Contours in Traverse invoke a sense of enveloping warmth and movement in interior spaces.

Beautifully crafted with gentle slopes, Contours in Traverse transform a room adding tactile interest, variation and dimension to the material palette.

With shadows playing over its surface in changing lighting conditions, Traverse is perfect as a feature in a kitchen, bedroom, hallway, lounge, or dining room. It can also be used to clad cabinetry and doors as well as creating concealed doorways for a seamless finish.

With its consistent tongue and groove joint, Traverse can be used in conjunction with any other Contours profile to create a unique design. Traverse is also suitable for curved applications.
