## VAST LINO7821

Inspired by the remote expanse of the Australian outback, Porta Contours in Vast create an intensification of textural variation and interest.

With soaring crests and deep valley, Contours in Vast invite shadows to playfully dance over its peaks.

As a natural canvas, Vast complements various material palettes and adds character, dimension and richness to an interior space.

Perfect for use as a feature in a kitchen, bedroom, hallway, lounge, or dining room, Vast can also be used to clad cabinetry and doors. In addition, it can also be used to create concealed doorways for a seamless finish.

With its consistent tongue and groove joint, Vast can be used in conjunction with any other Contours profile to create a unique design. It is also suitable for curved applications.
